Cleaning Hotmelt for Polyurethane Adhesives

Issue: 05.04.2006

#### **Product Description / Application Areas**

Purmelt Cleaner 3 is a Cleaning agent for all Macroplast QR grades in the uncured state applicated by rollers. It has very good cleaning properties and wetting characteristics.

#### **Technical Data**

Density: 1,22 g/cm<sub>3</sub> Softening point (Kofler): approx. 50 °C 80 - 140°C Application temperature:

#### **Instructions for Use**

#### **Preliminary remark**

Prior to application it is necessary to read the Safety Data Sheet for information about precautionary measures and safety recommendations. Also, for chemical products exempt from compulsory labelling, the relevant precautions should always be observed.

#### **Application**

Commonly Purmelt Cleaner 3 is used with the same application temperature as the polyurethane hotmelt which was applied during the working process.

Storage

Shelf-life 12 months if stored in a cool and dry place
